Author Index—Volume 133 (2001)

Aisbett, J. and G. Gibbon
A general formulation of conceptual spaces as a meso level representation 189–232
Al-Jarrah, O. and A. Halawani
Recognition of gestures in Arabic sign language using neuro-fuzzy systems 117–138
Bradley, E., M. Easley and R. Stolle
Reasoning about nonlinear system identification 139–188
Brafman, R.I. and N. Friedman
On decision-theoretic foundations for defaults 1– 33
Dung, P.M. and T.C. Son
An argument-based approach to reasoning with specificity 35– 85
Easley, M., see Bradley, E. 139–188
Fouks, J.-D. and L. Signac
The problem of survival from an algorithmic point of view 87–116
Friedman, N., see Brafman, R.I. 1– 33
Gibbon, G., see Aisbett, J. 189–232
Halawani, A., see Al-Jarrah, O. 117–138
Pollock, J.L.
Defeasible reasoning with variable degrees of justification 233–282
Signac, L., see Fouks, J.-D. 87–116
Son, T.C., see Dung, P.M. 35– 85
Stolle, R., see Bradley, E. 139–188
